

# Living from Grace: A Transpersonal Psychology Approach

## Donna Evans Strauss

### Conscious Counseling and Energy Healing Program

The Living From Grace Program integrates traditional psychological approaches with advanced energy and consciousness training. By exploring the four movements in the field of psychology: Behaviorism, Psychoanalysis, Humanistic and Transpersonal, the program offers the practitioner an eclectic approach. The broader perspective and application of specific methodologies enhances the practitioners' ability to be effective in helping clients transform their lives. In addition, exploring energy and consciousness theories within the broad range of classical therapeutic models offers the practitioner a wealth of knowledge and practical application to enhance client treatment plans.

The class will meet 4 times a year for 4 days (Thursday through Sunday). The cost of the program is \$2,950.00 per year. The program will be held in Minneapolis, Minnesota. Hotel and workshop location information will be e-mailed or mailed early in June.
